

```
/*  
    --- functions and braces nightmare  
*/  
console.log("Hello from exercises");  
  
const array1 = [3,1];  
  
// write the function that will make this work  
  
  
  
  
  
  
console.log("Should Be: 1, 3:",  
    orderArray(array1));  
  
console.log("Should Be: 1, 5:",  
    orderArray([1, 5]));  
  
console.log("Should Be: 10, 20:",  
    orderArray([20, 10]));
```
